Pinetta News.

Miss Mary Leslie is spending some time in Hamburg with relatives.

Miss Edna May Woodard is spending this week with friends in the city.

The Depot has just been painted and adds much to the looks of our little village.

Mr. J. L. Edwards has his dwelling house very near complete and when it is finished it will be one of the nicest in town and will add much to the looks of everything.

Hon. G. D. Parvis candidate for county treasurer returned Sunday morning from Greenville and Simons where he has been in the interest of his election. Mr. Parvis lives in this district, therefore we have the pleasure of being personally acquainted with him and believe him to be in every way competent to attend to the duties of the office and should the people see fit to elect Mr. Parvis we believe he will discharge his duties honestly and to the best of his ability.

Last Friday night marked the closing of the Pinetta High School, and there was one of the largest crowds here that has visited Pinetta any time recently and no one spoke any but words of praise of the teachers and pupils for the interesting programme which they had planned. After the school had completed their exercises the audience was given two short addresses on Education by Hon. J. W. Oneal and Supt. G. W. Tedder. The teachers left on the noon train the following day for their respective homes. We regret very much to lose them from our midst but look forward with pleasure to the time when they will return to resume their duties in the school room as they have been chosen to teach the next term.

May's Acts Promptly.

John Collins' attack on Mays, in which he accused him of declaring for Davis in the second primary of 1904, when Mays, Davis and Broward were candidates for Governor, for a consideration, has proven baseless, unwarranted and entirely wrong. Collins acknowledged that he had no grounds for making such a statement, and admitted its utter falsity in the last issue of his paper, when he said in his editorial column that an investigation had convinced him that there was no warrant for the statement.

Mr. Mays' action in this matter was prompt and effective. At the first opportunity that his engagements permitted, he came to Tallahassee and waited three days until Collins returned from a fishing trip, went to his home, and told him that he did not come with any hostile intent, but that he did come to FURNISH HIM with an opportunity TO PROVE his statements or withdraw them. He offered to pay the entire expense, including telegraph tolls and travelling expenses, of persons whom Collins might name as witnesses by whom he could prove the statements he made. He said that he would spend all the time necessary, if it took all the entire time left in the campaign, to run this matter down, and would spend whatever sum was necessary to enable Mr. Collins to confront him with any evidence he could gather to prove his statements.

Mr. Collins promptly acknowledged that he had no witnesses, did not have any evidence and would not know where to find it, and that he did not believe that ANY COULD BE FOUND THAT WOULD REFLECT ON MR. MAYS.

This action of Mr. Mays will gain him many friends, and will unquestionably increase the size of his vote. Whether Mr. Mays is successful or not in his canvass, and whether he will have the opportunity to again serve the State or not, he has DONE IT A SIGNAL SERVICE in meeting this attack in the manner he did.—The Sun.

RUN-OVER LOCALS

Russell Vann handles Arnold Bro's, shingles. Call at his store for prices.

B. N. Tucker of Quincy spent Sunday in town with his family, returning to his business Monday.

Dr. L. C. Ruter and Mr. James McIntyre are at home again from a delightful camping trip of a couple of weeks at Economa Spring.

Beginning with next Sunday and continuing through the Summer, the regular Sabbath services at the Presbyterian Church will be held at 11:00 in the morning as usual, and at the hour of five in the afternoon instead of at night. All are heartily invited to come and unite in the worship of these services.

Commencing today Walter Patterson assumes charge of the Western Union Telegraph office in this city, relieving Miss Knox, who for several months past has manipulated the key in a very satisfactory and accommodating manner. Miss Knox will go to Plant City for a vacation after which she will again take an office for the company.

At the meeting of the executive committee last Saturday it was the order by unanimous vote that the name of S. H. Sloan be printed on the official ticket as a candidate for member of School Board for District No. 1. It will be remembered that Mr. Sloan was about one hour and a half late in paying his assessment but the committee decided that his error was a natural one and he had shown his good faith in such a manner as to entitle him to make the race. By this action two candidates for the position will be on the ticket—Dr. Conway and Mr. Sloan.

Executive Committee Meeting.

The meeting of the County Executive Committee held at the court house last Saturday was not very largely attended, a bare quorum only being present, but several matters of importance were disposed of.

The first matters to claim attention were the resignations of Chas. E. Davis, W. H. Bailey and N. W. Campbell, committeemen respectively of the first, fourth and ninth election districts. The first and last named members are candidates and under the law disqualified from service on the committee, and the health of Mr. Bailey is such as to prevent him from further serving. The resignation of each was accepted and their successors chosen. W. B. Davis succeeds Chas. E. Davis as committeeman for the first district, J. J. Dickinson succeeds Mr. Bailey and D. Spradley succeeds Mr. Campbell. W. B. Davis was elected Secretary and Treasurer.

The matter of S. H. Sloan's candidacy for member of School Board was discussed and Mr. Sloan being present explained to the committee how it was that he failed to pay in his assessment until about one and a half hours after the time limit expired. The committee decided that his name should be printed on the ticket as a candidate for the office to which he aspires.

"Who shall be permitted to vote in the primary" was the next question discussed and it was decided that only those voters who are registered and have paid their poll tax will be accorded the privilege of voting.

The committee decided to pay the managers of the election \$2.00 per day for their services instead of \$1.00 per day as is stated in the call.

The campaign committee was authorized to see to the printing of tickets and other details of the primary, after which the committee adjourned subject to call of the chairman.

A Happy Father

Is soon turned to a sad one if he has to walk the floor every night with a crying baby. McGee's Baby Elixir will make the child well, soothe its nerves, induce healthy, normal slumber. Best for disordered bowels and sour stomach—all teething babies need it. Pleasant to take, sure, and safe, contains no harmful drugs. Price 25 and 50 cents per bottle. Sold by W. B. Davis.

VOTE FOR J. F. C. GRIGGS, of Apalachicola, FOR CONGRESS.

He comes from that section of your District that has never furnished a Congressman since Florida has been a part of the Union. He stands for the development of our country. Wants to build up and not tear down. He has been doing—will do, and is doing something to day.

Mays Will go to Congress.

The primary is very near and things are not warming up very much in a political line, but we are going to venture one prediction and if we were a betting people, we would back up our judgment with our money: D. H. Mays will go to congress.

Politics, it is said, makes strange bed-fellows, and we believe it is true for in this case it was hard for us to decide who was the best man in the race for congress, the younger member of the firm believing that Griggs was the best man in the race and the older one believing that Mays was more eminently fitted for the office. After watching the action of both candidates and looking into their records, we have both decided that Mays is the man.

Mr. Mays has been in several campaigns and while he has in a measure been unsuccessful, he has never been charged with a charge that had a word of truth in it that was damaging to his character, and his record as a public servant and a private citizen is an enviable one.

At first we had thought that Mr. Kehoe would be a prominent factor in this race and might possibly lead the ticket but instead of gaining strength, the state attorney is losing it every day and now things look as if he will be left entirely out in the first primary and the second one will be between Griggs and Mays—that being the case the farmer will go to Washington, as he should.

In the second go-round, Mr. Mays will carry Escambia, Jackson and the counties east of the river and in our opinion he will pile up a big majority. The voters should compare the platforms of each of the candidates and in Mr. Mays' you will find every good point in each of the others and a number of others. Mr. Mays is the man for the farmer, the business man, the laborer and the professional man. He is the man for us all and he is sure to go to Congress.—Gadsden County Times.

RUN-OVER LOCALS.

Hon. John W. Oneal, candidate for the legislature, was in town last Saturday. Misses Mamie and Fannie Goodbread of Live Oak are the attractive guests of their aunt, Mrs. R. S. McIntyre.

Aren't the candidates to have the privilege of any big picnics this year? A campaign without a big picnic at which the candidates are permitted to "speak their pieces" and mingle with the voters is surely a tame affair. Wake up, good people, and give the poor candidates a chance.

Mr. John Riba of Vining, Ia., says "I have been selling Dewitt's Kidney and Bladder Pills for about a year and they give better satisfaction than any pill I ever sold. There are a dozen people here who have used them and they give perfect satisfaction in every case. I have used them myself with fine results." Sold by W. B. Davis.

Messrs. Wilkinson, Turner and Bemis, high officials of the Georgia and Florida Railway, were in the city last Friday having come to attend the hearing by the arbitrators of the controversy between the railroad company and the Florida Manufacturing Co., concerning right of way through the property of the last named company. We noticed that all of these gentlemen wore "Little Joe" Brown buttons upon the lapels of their respective coats.

When you think of indigestion think of Kodol, for it is without doubt the only preparation that completely digests all classes of food. And that is what you need when you have indigestion or stomach trouble—something that will act promptly but thoroughly; something that will get right at the trouble and do the very work itself for the stomach by digesting the food that you eat and that is Kodol. It is pleasant to take. It is sold by W. B. Davis.

Senator C. L. Leggett, J. P. Taylor and Joe W. Redding of Greenville were visitors to the city last Saturday.

Insist upon Dewitt's witch Hazel Salve. There are substitutes, but there is only one original. It is healing, soothing and cooling and is especially good for piles. Sold by W. B. Davis.

A perfect flood of rain fell upon Madison at an early hour yesterday morning and the rain continued pretty much throughout the day. We fear that considerable damage has been done to growing crops in the vicinity of town.

A great many people imagine they have heart trouble when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach and whenever you feel a depression after eating or whenever your food seems to nauseate take Kodol. It will not be very long until all these "heart pains" will disappear. Take Kodol now and until you know you are right again. There isn't any doubt about what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by W. B. Davis.

It is worth anyone's time to pay a visit to any of the several tobacco farms about town. This editor took occasion Sunday afternoon to visit several of them and was delighted with the appearance of each. The plants are growing and thriving beautifully and the fields present a delightful view of greenness and careful attention. At the farm of the Sumatra Tobacco Co., on the western edge of town the last of the five great barns is rapidly nearing completion and by the time of harvest ample room will be at hand for the housing and curing of the crop. The same conditions apply at each of the other farms visited and from the appearance of the plants the crop bids fair to be a "bumper" one. If prices hold up as they have been there will be plenty of hard cash in Madison during the summer.

The little city of Fort Myers is to be congratulated on the pluck and determination with which they have entered upon the work of constructing a sea wall.

The first solid carload of pineapples to go from Florida this season was shipped from Delray on Monday last by the Builder's Supply Co.
